## **Creating Healthy Indoor Environments in Schools: The Knowledge, Network and Actions You Need**

This 2-hour IAQ Master Class training

- Provided an overview of the Framework for Effective IAQ Management Key Drivers.
- Illustrated best practices for addressing Technical Solutions, including HVAC, Mold and Moisture, IPM, Cleaning and Maintenance, Smart Materials Selection and Source Control.
- Demonstrated how to Manage Asthma and conduct a School IAQ Walkthrough.
- Introduced participants to the SHIELD Network and IAQ Master Class assets and resources.

Presented by the School Health and Indoor Environments Leadership Development (SHIELD) Network
